The County Board of Supervisors is leading an effort to pursue a countywide measure to fund stormwater capture and the reduction of stormwater and urban runoff pollution. The County expects to present an expenditure plan and ordinance to the Board of Supervisors in May for final consideration in July to determine if the County will place a funding measure on the November 2018 ballot. Rich Watson's presentation will cover the proposed measure and discuss recommendations on administration, revenue allocation, project selection criteria and other guidelines, particularly related to the 10% LACFCD administrative program and 50% regional program allocations.
