

## **TRAFFIC & SAFETY COMMISSION**

### **CITY OF BELL GARDENS**

**City Council Chambers  
7100 Garfield Avenue  
Bell Gardens, CA 90201**

**Meeting  
Tuesday, April 5, 2022  
5:30 p.m.**

**NOTE:** The City of Bell Gardens has various resources to accommodate disabled persons attending a City Meeting. The Council Chamber is equipped with an electronic system for persons needing assistance with hearing, as well as for persons requesting a Spanish translation of the meeting. The Public Works Department will make a large print agenda or have a sign language interpreter available, with a one working day advance notice prior to the date of the meeting.

On March 4, 2020, Governor Newsom proclaimed a State of Emergency in California as a result of the threat of COVID-19. On September 16, 2021, Governor Newsom signed Assembly Bill 361 ("AB 361"), which was effective immediately and amends Government Code § 54953 to allow a local legislative body to hold public meetings via teleconferencing and to make public meetings accessible telephonically or otherwise electronically to all members of the public seeking to observe and to address the local legislative body. Pursuant to AB 361, please be advised that members of the Bell Gardens Traffic & Safety Commission may be participating in meeting telephonically. The public may view the meeting and participate in public remotely.

In order to observe and/or offer public comment may request such reasonable modification, accommodation, aid, or service by contacting Veronica Sanchez, Commission Secretary by telephone at 562-806-7770 or via email to [vsanchez@bellgardens.org](mailto:vsanchez@bellgardens.org) no later than one (1) hour before the scheduled meeting.

The City Hall facility of the City of Bell Gardens complies with the requirements of the Americans with Disabilities Act. If other accommodations are needed, please contact the office of the Public Works Department, or the ADA Coordinator in the Personnel Office.

## **TRAFFIC & SAFETY COMMISSION**

Chairperson David Heredia  
Vice Chairperson Raul Velasco  
Commissioner Carlos Jose Barrera  
Commissioner Jayson Gavilanes  
VACANT

## **CITY STAFF**

Grissel Chavez, Director of Public Works  
Dennis D. Barnes, MSCE, P.E. Traffic Engineer  
Douglas Benash, P.E. City Engineer

## **AGENDA**

### **Meeting TRAFFIC & SAFETY COMMISSION**

1. CALL TO ORDER
2. ROLL CALL
3. INVOCATION
4. PLEDGE OF ALLEGIANCE
5. REPORT FROM SECRETARY ON POSTING AGENDA
6. PUBLIC COMMENTS ON AGENDA AND NON-AGENDA ITEMS
7. APPROVAL OF MINUTES OF MARCH 1, 2022
8. TRAFFIC SAFETY ANALYSIS – Request for Speed Humps on Perry Road (Loveland to Foster Bridge)
9. COMMENTS FROM STAFF
10. COMMENTS FROM COMMISSIONERS
11. ADJOURNMENT TO NEXT SCHEDULED MEETING, TUESDAY, MAY 3, 2022

Staff Reports or other documentation regarding agenda items are available for view at [www.bellgardens.org](http://www.bellgardens.org).

**MINUTES OF THE CITY OF BELL GARDENS  
TRAFFIC AND SAFETY COMMISSION MEETING**

**March 1, 2022**

- CALL TO ORDER:** Chairperson Heredia called the Traffic & Safety Commission Meeting to order at 5:35 p.m.
- ROLL CALL:** Secretary Veronica Sanchez took roll call.
- PRESENT:** Chairperson Heredia, Vice-Chairperson Velasco, and Commissioner Carlos Jose Barrera were present. Grissel Chavez, Director of Public Works; Dennis Barnes, Traffic Engineer; Lieutenant Dano Neslen and Veronica Sanchez, Secretary were also present.
- INVOCATION:** Ms. Chavez led the invocation.
- PLEDGE OF ALLEGIANCE:** Commissioner Barrera led the Pledge of Allegiance.
- POSTING OF AGENDA:** The agenda was posted as prescribed by law.
- PUBLIC AGENDA AND NON-AGENDA ITEMS:** No comments were received.
- APPROVAL OF MINUTES OF FEBRUARY 1, 2022:** Vice Chair Velasco made the motion to approve and Commissioner Barrera seconded the motion. Secretary Sanchez took roll call vote. AYES: Heredia, Velasco, and Barrera.
- TRAFFIC SAFETY ANALYSIS- Updated Review on Request for An All-Way Stop Intersection – Gallant Street and Gephart Avenue:** Ms. Chavez explained that this is a familiar intersection since it was initially present to the Commission in September and staff was directed to conduct a review 6 months later. Ms. Chavez deferred to Dennis Barnes, Traffic Engineer to present the report. The initial request for the installation of a four-way stop sign at the intersection was due to safety concerns and visibility obstruction. Figure 1 shows an aerial view of the intersection of Gallant Street and Gephart Avenue. Figure 2 and Figure 3 provides street view looking east and northwest. The review included traffic volume and pedestrian counts as well as accident history. The request for installing an All-Way Stop

Intersection needs to follow established requirements based on the California Manual on Uniform Traffic Control Devices (MUTCD). There are 3 different warrants most applicable to residential street intersections: 1) Collisions - Five or more reported accidents in a 12 month period including right-turn and left-turn collisions or right-angle collisions. In this case no accidents were reported. The more recent 3 year period revealed no accidents. 2) Volumes - The vehicle volume averages at least 300 vehicles per hours for each day, which is not met. 3) Sight Distance - The Manuel of Uniform Traffic Control Devices (MUTCD) recommends a minimum of 155 feet of clear stopping sight distance on 25 MPH. Field observations indicated that the existing intersection sight distance could be increased moderately and improve the motorist visibility by prohibiting curb side parking with the installation of red curb on the northwest corner of Gephart Ave and the southwest corner. Eight parking spaces could considerably impact the neighborhood. However, the City's residential neighborhoods are in very short supply of curb parking and the MUTCD allows for additional criteria to be considered. These additional criteria include A. The need to control left turn conflicts. B. The need to control vehicle/pedestrian conflicts were high pedestrian volumes. C. Locations where a driver after stopping cannot see conflicting traffic. D. An intersection where two residential neighborhood collector (through streets have similar design and characteristics where a multi-way stop control would improve traffic characteristics. Under this criteria, it is the recommendation to install two 30-inch Stop Signs on Gephart Avenue in the north west and south west corners and the installation of limit lines and stop legends on each approach. The cost is approximately \$500 and is available in the current Street operations budget.

Vice-Chairperson Velasco asked if the parkway tree could conflict with the stop-sign visibility.

Mr. Barnes added that the limit lines are installed 8 feet back from the curb line.

Commissioner Barrera made the motion to approve; and Vice-Chair Velasco seconded the motion. Secretary Sanchez took roll call vote. AYES: Heredia, Velasco, and Barrera.

**TRAFFIC SAFETY ANALYSIS-**  
**Request for Red Curb Extension**  
**6012 Florence Avenue:**

Ms. Chavez explained that the City received a request from METRO or MTA to extend the existing red curb at 6012 Florence Avenue serving one of its bus stops and our City operated trolley. Ms. Chavez deferred to Dennis Barnes to give the report. The report provides an aerial view of the bus stop, figure 2 and 3 shows the street view and the proposed extension of red curb. It is important to note that each of the adjacent business have parking lots to accommodate their customers. Per Metro standards 150 feet of red curb is ideal for a bus to maneuver onto the travel lane. The proposed extension will allow the bus to enter and leave the curb without being impacted by parked vehicles before entering the travel lanes. Therefore, it is recommended that the Commission approve the installation of additional red curb between the existing red curb at 6012 Florence Avenue and repaint the existing red curb.

Vice-Chairperson Velasco supports the recommendation especially since the businesses have their own parking lots.

Chairperson Heredia agreed that it is one of the few places where removing curb side parking will not affect.

Vice-Chair Velasco made the motion to approve; and Commissioner Barrera seconded the motion. Secretary Sanchez took roll call vote. AYES: Heredia, Velasco, and Barrera.

**COMMENTS FROM STAFF:**

Ms. Chavez updated the Commission on a few things: The General Transportation and Circulation Element Update was approved by Council on February 14<sup>th</sup>. It was last updated in 1995 and Caltrans grant funding allowed to update, conduct community outreach and get feedback from the community. The Plan is a road map to enhance modes of transportation, vehicles, bicycles and pedestrians. The Plan is available to view on the City's website.

Staff also installed a convex mirror to address the safety concerns at Ludell and El Selinda, brought up at the last Commission meeting.

Additionally, safety improvements were done at Florence and El Selinda. A ladder crosswalk was installed by Public Works staff. Our Traffic Engineer will also be making additional recommendations for improvements

there, possibly considering the relocation of the Metro bus stop and other improvements.

The Slurry Seal Project is substantially complete and staff anticipates City Council accepting the project at the next City Council meeting.

**COMMENTS FROM THE  
COMMISSIONERS:**

Vice-Chairperson Velasco thanked staff for the mirror installation. He was concerned with the location of the mirror and if it captures pedestrians traveling in the opposite side. He'd like to see additional school signage. Ms. Chavez confirmed that Mr. Barnes will be reviewing the entire area of Florence and El Selinda and the installation of appropriate signage will be addressed.

**ADJOURNMENT:**

Chairperson Heredia adjourned the meeting at 6 p.m. to the next scheduled meeting of March 1, 2022.

**APPROVED BY:**

**CITY OF BELL GARDENS**  
**Public Works Department**  
**MEMORANDUM**

**TO:** Traffic and Safety Commission

**FROM:** Grissel Chavez, Director of Public Works  
Dennis D. Barnes, City Traffic Engineer

**SUBJECT:** TRAFFIC SAFETY ANALYSIS  
Request for Speed Humps on Perry Road (Loveland to Foster Bridge)

**DATE:** April 5, 2022

---

### **BACKGROUND**

The Public Works Department received a signed petition from residents for the installation of speed humps on Perry Road, from Loveland Street to Foster Bridge Boulevard, due to reported speeding activity. Figure 1 provides an aerial view of the Perry Road study area in red outline from Loveland Street to Foster Bridge Boulevard.

**Figure 1 – Aerial View of Perry Road from Loveland Street to Foster Bridge Blvd.**

## **ANALYSIS OF REQUEST:**

In accordance with City policy, speed hump applications are reviewed on a case-by-case basis and submitted to the Traffic and Safety Commission for review and consideration. The following information summarizes some of the key criteria reviewed during the evaluation process by the City Traffic Engineer:

- Local, residential street with one travel lane in each direction.
- Roadway width is not more than 40 feet.
- There are no curves that would make it difficult for drivers to see the speed humps.
- Traffic volumes between 500 and 3,500 vehicles per day (updated guidelines).
- Posted speed limit of 25 mph.
- Actual measured 85th percentile speeds greater than 25 mph by 8 mph or more.
- Speed humps shall not be installed on roadways with grades over six percent.
- Street is not a transit route or primary emergency response route.
- Citizen Support: Prior to the installation of speed humps, at least fifty-one (51) percent of residents residing along the affected street should support the request (one vote per each legal address).

Figure 2 provides an aerial view of the street width of Perry Road illustrating that the street meets the speed hump policy requirement of being less than 40 feet wide.

**Figure 2 – Aerial View of the Perry Road Street Width Curb to Curb**

## **EXISTING TRAFFIC VOLUME CONDITIONS AND SPEED PROFILE:**

In response to the request, the City Traffic Engineer ordered traffic volume counts and a speed profile for Perry Road from Loveland Street to Foster Bridge Boulevard. The purpose was to confirm the extent of the reported speeding activity on Perry Road and review the traffic volume data that is needed to determine if the local street meets the City's speed hump policy. The

collected traffic volume data and speed profile sheets are attached to this report.

Perry Road is a local north-south residential street providing one lane of travel in each direction with a currently posted speed limit of 25 miles per hour (MPH) and is approximately 36.1 feet wide from curb to curb as shown in Figure 2. There are single family homes on both sides of the street. Perry Road is a wide-open street with no restrictions that would cause a driver to slow down; other than the parking that is allowed on both sides of the street.

The results of the average daily traffic (ADT) volume count over a four-day period show that Perry Road carries an average daily traffic volume ranging from 3,228 vehicles per day (VPD) on a Thursday to 2,596 on a Sunday. The traffic volumes were recorded starting from March 24-27, 2022. The recorded speed profile measurements for the combined directions of northbound and southbound Perry Road indicate an 85<sup>th</sup> percentile speed of 33 miles per hour (MPH), or greater than the posted speed limit of 25 MPH. The measured street width and recorded traffic volumes on Perry Road meet the City's speed hump policy.

The following definitions explain some of the terms which are referenced in the attached speed profile report:

**50<sup>th</sup> Percentile** – The median speed of vehicles on Perry Road.

**85<sup>th</sup> Percentile** – The critical speed is the 85<sup>th</sup> percentile. Motorists exceeding the 85<sup>th</sup> percentile speed are driving faster than is safe under prevailing conditions. This percentile may serve as the guide for establishing the posted speed limit.

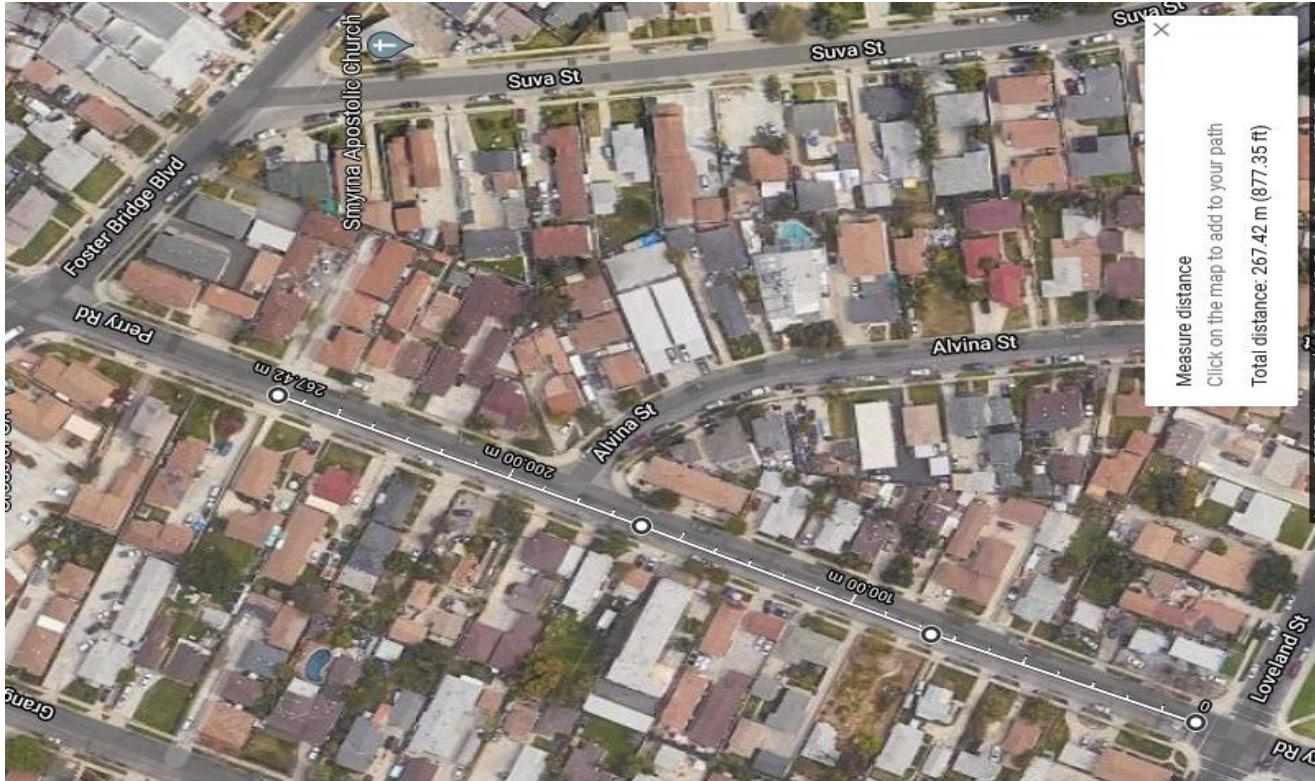

**Pace** – The pace is the 10 MPH range of speeds containing the largest number of observations. This can usually be determined by visual inspection of the Vehicle Speed Survey Sheet. After determining the pace, it is useful to compute the percentage of vehicles in the pace, the percentage over the pace and the percentage under the pace. A normal speed distribution will contain 70% of the sample within the pace with 15% above and 15% below.

## LOCATION OF NEW SPEED HUMPS

Based on the qualifying results of the traffic volume and speed surveys, a review was made of Perry Road shown in Figure 3. The City Traffic Engineer identified three (3) potential locations for new speed humps based on a street block length of approximately 1,177 feet from Loveland Street to Foster Bridge Boulevard.

The proposed locations of the speed humps are based on experience of the Traffic Engineer and engineering criteria published by the Institute of Transportation Engineers (ITE) that will reduce existing speeds along Perry Road to acceptable limits near the "prima facie" speed limit of 25 miles per hour (MPH). Figures 4, 5 and 6, respectively, identify the locations for three (3) new speed humps that will help reduce speeds on Perry Road to approximately 25 MPH.

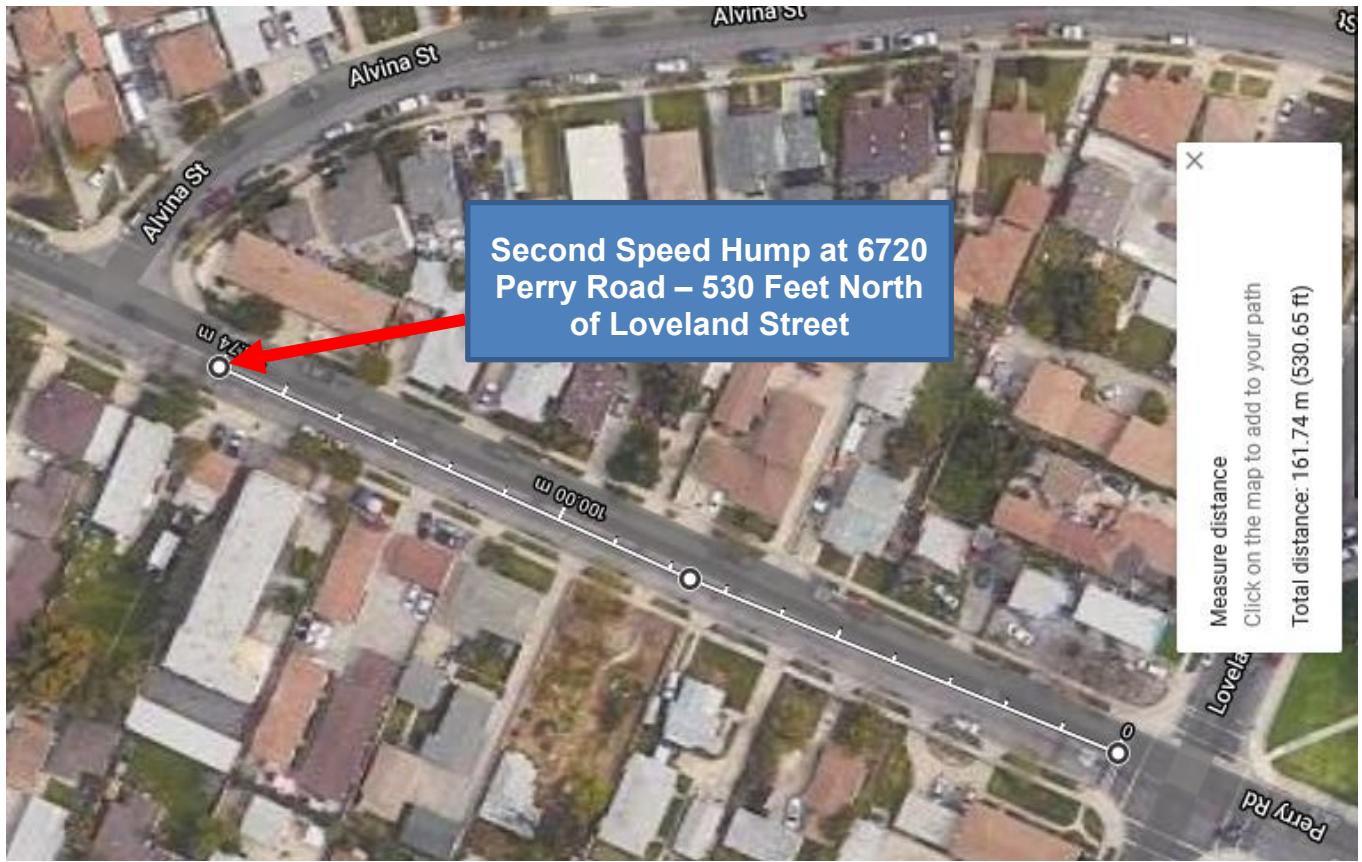

**Figure 3 – Aerial View of Perry Road (Loveland St. to Foster Bridge Blvd.) Block Length of 1,177 Feet**

**Figure 4 – Location of 1<sup>st</sup> Speed Hump at 6808 Perry Road 250 Feet North of Loveland St.**

**Figure 5 – Location of 2<sup>nd</sup> Speed Hump at 6720 Perry Road 530 Feet North of Loveland Street**

**Figure 5 – Location of 3<sup>rd</sup> Speed Hump at 6622 Perry Road 867 Feet North of Loveland Street**

## **RECOMMENDATIONS**

Based on a review of available information, and a field review by the City Traffic Engineer, the following recommendations are presented to the Traffic and Safety Commission for review and approval.

1. The initial criteria for the required traffic volume and speeding data for consideration of speed humps has been met. Staff recommends that the Traffic and Safety Commission give preliminary approval of the three (3) proposed speed humps shown in Figures 4, 5 and 6 on Perry Road.
2. Staff recommend that City staff send out a Public Notice survey to all the fronting Perry Road residents (from Loveland Street to Foster Bridge Boulevard) requesting their confirmation of approval (or denial) of the proposed speed hump installation on Perry Road. Failure to meet the required 51 percent support would mean denial of the speed hump request on Perry Road at this time. The report would then be noted as "Receive and file" and placed in city records.

If the required 51% support is obtained, then the item would be presented to the City Council for consideration and approval.

**FISCAL IMPACT:** None.

**ATTACHMENTS:**
